TODAY'S ELECTION CLOSE.

No Progressive or Independent Ticket. So Contest a Straight Heat Between Dunn and Taylor-Ward

The chief interest in the biennial city election to be held today is whether Daniel P. Dunn, mayor of the city secutive years, will conti in office for the next two years. With Mayor Dunn's first election, when O. O. Tanner was elected, the democrats have held possession of the highest office in the gift of the city for twelve years. George F. Taylor, the candidate of the republicans two years ago, when he was defeated by only 99 votes, is ing committee on the splendid new high school and Natchaug grammar

VOTING LIST 2.053. Gain of But 17 Since the List of 1913 Was Corrected.

The perfected voting lists to be used in today's election show a total of 2,053 names, as compared with 2,036 in 1913, names, as compared with 2,036 in 1913, a gain of seventeen only. In the fourth ward there are 21 more names than two years ago. The other wards all show losses, as follsw: First ward 3, second ward 10, third ward 1. The lists have been carefully revised during the past year by Elmer D. Young and P. D. Donohue, the registrars, and all the "dead wood" eliminated, which accounts for the small apparent gain in the totals. Two hundred ninety-two voters have been made and added to the lists and there have been in the neighborhood of nine hundred changes neighborhood of nine hundred changes in address. On the average, about 80 per cent, of the number on the list ote, although at the last town elec-ion the largest vore ever polled in an ff year was recorded. Generally speakig, nine hundred votes means a wir for the candidate receiving that num-ber today, although the actual number received by the winning candidate has een considerably less than that most of the past elections.
